

Cameron Hermens

San Diego Web Developer

OVERVIEW

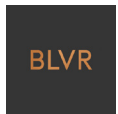

Cameron Hermens is a San Diego-based web developer. He's spent the last five years working with web at full service agencies. He's currently looking for a full-time position with an established company so he can continue developing creative solutions to complex problems and always striving to learn more.

EXPERIENCE

Lead Web Developer
Organik SEO
May 2016 - Apr 2018

Full stack WordPress and Magento web development and web-related business development. Rebranded Organik SEO, shaped department and service offerings, led to two additional hires and nearly doubled web sales within the first year.

Digital Analyst / Marketing Project Manager
BLVR
Feb 2013 - Feb 2016

Data analysis for websites and digital marketing initiatives. Worked with admin, marketing, design, development and quality assurance to deliver amazing results for our clients. Regularly contributed to website and landing page development utilizing primarily WordPress and Magento platforms.
